DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Runner # 6,204,568 B1.

Runner discloses a roadway, including bridges, capable of converting linear vertical movement, into electric generating rotation. The roadway comprising:

A plurality of moving road segments (24) coupled by means of a plurality of rods (30) to a crankshaft (22) that can be parallel to the traffic direction and produces rotation in discrete steps that are converted into electrical energy by means of an electric generator.

Response to Amendment

2. Applicant's amendment to claims 1, 2 has necessitated a new search of the prior art, which forms the basis for the New Grounds of Rejection above.

Response to Arguments

3. Applicant should submit an argument under the heading "Remarks" pointing out disagreements with the examiner's contentions. Applicant must also discuss the references applied against the claims, explaining how the claims avoid the references or distinguish from them.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Galich # 6,376,925 B1 discloses a force stand for electrical energy production. Le Van # 3,944,855 discloses a method and apparatus for generating electricity by vehicle and pedestrian weight force. Gott et al. # 6,858,952 B2 discloses a power conversion system for roadways and bridges. Woodbridge et al. # 5,696,413 discloses an electric generator.
